Understanding Benign Prostatic Hyperplasia (BPH) and Enlarged Prostate the topic
for South Lake Hospital's March Health & Wellness Series

Clermont, Fla. – Understanding Benign Prostatic Hyperplasia (BPH) and enlarged prostate will be the topic for South Lake Hospital's March Health & Wellness Series on Thursday, March 1, 2012 from 6:00 p.m. to 7:00 p.m. at the National Training Center. The program will be presented by board certified urologist Kenneth Essig, MD.

BPH is a common condition, especially among older men. Learn about the symptoms of BPH and the different treatment options available.

The event is open to the public at no cost. For more information and to register, please call 352.394.4071, extension 4412. The National Training Center, part of South Lake Hospital, is located at 1935 Don Wickham Drive, in Clermont on the hospital campus.

South Lake Hospital is a not-for-profit acute care community hospital, in partnership with Orlando Health. South Lake Hospital has been providing quality healthcare services to the South Lake County for over 60 years. For additional information about South Lake Hospital visit www.southlakehospital.com.
