

Free Mammogram

You or a woman you know may qualify for a free mammogram at South Lake Hospital.

- Who:** If you are a woman between the ages of 40 and 64, can show you live in south Lake County and need financial help to afford a mammogram, support is available for you to have this life-saving study.
- What:** A mammogram is an x-ray examination of the breast. Women age 40 and over should have a screening mammogram every year. In some cases a woman's doctor may recommend screening at an earlier age or a different schedule of exams.
- Where:** All mammograms and services will be provided by the Centre for Women's Health, South Lake Hospital.
- How:** Susan G. Komen for the Cure Central Florida has generously granted funds to South Lake Hospital to cover the costs of mammography screenings and, if needed, additional exams and procedures for women who qualify.

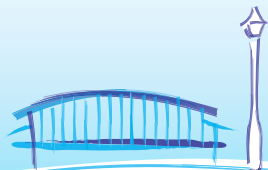

Call 352.241.7135 to see if you qualify
and to schedule your appointment.

Centre for Women's Health

At the **Centre for Women's Health** at South Lake Hospital, we offer leading-edge technology to detect and diagnose breast cancer and other conditions. Our diagnostic imaging services include:

- **Digital Mammography** – the latest advancement in high resolution technology that has a higher cancer detection rate and lower radiation dose than traditional film mammography
- **Breast MRI** – a diagnostic tool that greatly improves the ability to diagnose and treat breast cancer and other conditions
- **Stereotactic breast biopsies** – a non-surgical procedure that uses a special mammography machine to provide the clearest image and guide the biopsy procedure

The Centre's imaging services also include 4-D Ultrasound, Breast Ultrasound and Bone Densitometry, an enhanced form of x-ray technology used to measure bone loss.

To schedule exams please call 352.241.7135 or visit southlakehospital.com for more information.
